This house is located in one of the quietest locations in Premantura, in a cul-de-sac just 400m from the sea. The house has access from the road and there are parking spaces on the front side as well as the entrance to a large and spacious garage. Next to the stairs, towards the yard and the entrance to the house, there is a spacious wellness area with saunas and a bathroom. The space is designed as a relaxation zone where there are saunas, a bathroom as well as an intermediate space where you can enjoy reading a book or relaxing with pleasant music and an intimate atmosphere. Upon entering the house, you arrive in an elegant space where there is a set of sofas with accompanying chests of drawers and a table of rustic design and high quality. From that part you can also access the terrace with a view of the sea. After passing that charming corner, you enter a spacious corridor that leads to the other rooms. In the lower part of the house there is another smaller bedroom, a bathroom, a large living room and a kitchen with a dining room and an exit to the covered terrace and the courtyard. Internal stairs lead to the upper floor of the house, where there are two more bedrooms, a bathroom and a large terrace with with a phenomenal and unique view of the sea. The entire garden is in excellent condition, the floors are made of high-quality marble, the lawn around the house is neat and there is also a small fountain with various lights. The house can also be accessed from the back, i.e. through the forest, and you can also leave your car in the shade all day. The house was built for living, and the owners invested a lot of money in the complete decoration, which is at the highest level.
