Description

Description: Barban is a beautiful historic town located in eastern Istria, only 20 kilometers from the largest city in Istria, Pula. The town in the heart of Istria is also proud of its well-preserved Baroque and Gothic architectural buildings, frescoes, and Glagolitic inscriptions. It is where more and more stone and modern villas are being built in recent times, and many beautiful lookouts on all sides characterize it. Not far from this historic town, a building plot with a total area of 1049 m² with a panoramic sea view is for sale. It is located 150 meters from the last houses, surrounded by peace and greenery. Water, electricity, and telephone are located at the end of the village, about 150 meters from the land. The land is reached by a macadam road. Ideal for a holiday villa with a beautiful view. The maximum permitted height and the maximum number of above-ground floors of residential buildings is 7.5m for a single-family house with a maximum of 3 above-ground floors and 9m for a multi-family building with a maximum of 3 above-ground floors.
