Description

Description: In the quiet village of Kanfanaru, a 15-minute drive from the city of Rovinj and the

Rovinj beaches, there is this beautiful holiday villa with a swimming pool. The house is located on a plot of 500m², in which there are several parking spaces, a summer kitchen, a barbecue, as well as a chlorine-free saline pool with a hydromassage bench and a waterfall. - The ground floor of the house consists of a large living room with a thermal fireplace, a kitchen with a dining room, one bedroom and one bathroom. -The floor has two bedrooms, each with its own bathroom, while on the part of the floor above the living room there is a large net where you can stay. Also, due to the height of the ceiling, one room on the first floor has a gallery with two more beds with skylights. -Heating is underfloor, central radiators, and there is also a 300-liter boiler for water heating. The house also has a central vacuum system, with vents in all rooms, for easy cleaning. - There are air conditioners in all rooms (5 air conditioners). -The carpentry throughout the house is aluminum, with three-layer glass, to maximize sound insulation and temperature in the house. -From the rest of the equipment, it is worth noting: lavender's handwork, the stairs are iron, while in all the rooms the floors are wooden, and the ceramics are of Italian design.
