### Description

Description: Just a few kilometers from the town of Krk, a vacation home is for sale on a large, flat plot. It is currently in the final phase of construction, and complete completion

is expected in three months. The house consists of a ground floor and an upper floor, on the ground floor there are two apartments, one of which is a studio and the other is a studio two bedrooms with a living room. On the first floor is a spacious apartment with two rooms, a living room with a kitchen, a bathroom, a separate toilet, a hallway, a balcony with on one side and a spacious terrace on the other side of the building. Another room is planned in the attic, which could be accessed by a pull-out staircase. On the ground floor, on the side of the house, there is a separate entrance where a large sauna and gym are provided. The size of the pool is 9.60 m x 3.80 m, the depth is 1.8 m. The tennis court is located in the back part of the garden so that it provides enough intimacy and peace. Otherwise, the surface will be made of artificial grass. The pool is also in another part of the garden, the floor coverings of the garden are planned to be made of stone from Benkovac. This is an exceptional property, apart from the quality of the materials and all the facilities it offers, the garden is also of great value, far above the standard of the offer. It should be said that the location is very interesting, isolated, in a quiet place, and yet you are in the city of Krk or Njivice in ten minutes' drive. This can be an investment in a top tourist offer that should be followed by the rental price or for your own enjoyment and socializing with friends. A rarity on the market! ID CODE: 15063
