Description

Description:

Buzet is located in the very north of Istria, near the border with Slovenia. Its historical core, which dates back to the Middle Ages, lies on top of a hill above the fertile valley of Istria's longest river, the Mirna. Today, Buzet is widely known as the 'City of Truffles' because the forests along the Mirna River are particularly rich in this divine tuber. As part of the town of Buzet, at 348 meters above sea level, rises the small town of Roč, a destination for many hikers, tourists and lovers of history and the Glagolitic alphabet. In a quiet settlement not far from Buzet, a complex of construction and agricultural land with a total area of 1753 m² is for sale. The construction part of the land is 762 m², while the agricultural part occupies 991 m². The land is flat, cleared, with a beautiful view of the surrounding nature. It has access from an asphalt road, and all the necessary infrastructure is nearby. Given the peaceful surroundings, and at the same time only 7 km from all the necessary facilities, this property represents an ideal opportunity to build a holiday home. ID CODE: 681
