Description

Description:	<p>The former fishing village of Medulin, located on the southern cape of Istria, has meanwhile developed into one of the most popular summer resorts and representatives of Istrian tourism. Every visitor here can find an oasis of peace and quiet, rich in Mediterranean landscapes, but at the same time they can also spend a very dynamic and content-rich vacation here. The clear, indented coast, rich in small islands, is clearly visible from the center of the town, which offers an unforgettable view. A spacious apartment house on two floors is located right in this place on the coast by the sea. In the lower part, there are two one-bedroom and one two-bedroom apartments, a storage room and a restaurant with a main and auxiliary kitchen and a spacious terrace that once worked very well. On the first floor, there are three more two-room apartments and one studio with a view of the sea through the treetops. Within the house there are several parking spaces connected by a common garden. The location of the property itself is close to all the necessary tourist facilities, the most famous beaches and shops, which enables this house to be very successful and profitable in the tourism industry.
