Description

Description:

We are selling a beautiful luxury villa in a top position with a view of the sea. The villa was built from quality and carefully selected materials in 2016. It extends over three floors: basement, ground floor and first floor. The ground floor consists of a kitchen, dining room, living room with access to the terrace, sun deck and swimming pool, bathroom, 2 storage rooms and garage. Upstairs there are 3 spacious bedrooms with access to the terrace, each with its own bathroom that has access to another separate terrace. The master bedroom also has an exercise area. Every room has a view of the sea. In the basement there is a wonderful space for socializing and enjoyment, as well as another kitchen, dining room, toilet, boiler room, storage, and part of it can be used and converted into a sauna and wellness. The basement leads to the terrace, and the stairs lead to the ground floor - a garden where there is a barbecue and a 44 m² swimming pool and sun deck. The villa is full of natural light. There is a view of the sea from almost every room, including the ground floor. On the ground floor there is a garage for 2 cars and an outdoor parking lot for 3 cars. Underfloor heating is distributed throughout the villa via a heat pump, and collectors are installed on the roof of the house, through which water and the pool are heated at the same time. Each room has air conditioning for heating and cooling. The interior of the villa is carefully selected, superbly designed, equipped with ceramics, sanitary ware and other first-class furniture. The distance to the beautiful beaches is 500 m, while the center and the old town are only 700 m. An attractive villa in a top location with a wonderful view of the sea is worthy of your attention.
