Description

Description:	<p>Barban Municipality is located in the southeast of one of the most prosperous counties - the County of Istria. Only 15 km from Pula and 5 km from the sea, it is well connected with the rest of the south of the Istrian peninsula. Thanks to its good geographical position, area and number of settlements, it offers its residents and visitors various opportunities; from a rich tourist offer to various manifestations and events. It is known for the tame nature of the interior, which is adorned with luxurious accommodation and numerous gastronomic, adrenaline, recreational and cultural facilities. Not far from Barban, in a small settlement by the road, there is a construction plot on a small elevation, which gives it an excellent view of the surrounding greenery. The plot has a regular shape with all the necessary infrastructure nearby. The square footage and the very location of this family settlement is a great opportunity for construction and the return of invested funds through tourism. ID CODE: IS105932</p>
