Description

Description: Krnica (Carnitia) is located in the inner part of Istria, about 25 km southeast of Pula, on the regional road towards Pula. In the past, the place was called Sveta Marija Krnička. The nearby well-known summer resort and tourist village with developed and high-quality offers - Duga Uvala, is only 3 km from Krnica, which makes it a suitable resting place if you are primarily looking for peace and beautiful nature, and you do not consider going to the beach by car a disadvantage. The interesting coast and underwater are ideal for diving and Krnica is an ideal starting destination for diving tours in the surrounding waters. For sports and recreation fans, there are sports courts for tennis, bocce, mini golf, billiards, football, handball, volleyball, and various water sports equipment such as sandolins and pedal boats can be rented. From the gastronomic offer, in addition to the standard Istrian cuisine, try the shrimps, which are said to be the best in the Adriatic in Krnica. An attractive agricultural land with a total area of 1260 m² is for sale. The land has a regular shape and has a slight slope of 5% to the south with a view of the long bay. The property has an access road that is about a hundred meters away from the asphalt road, a few minutes away from the first beaches. Because of its position, this land is ideal for growing olive trees. ID CODE: 894
