Description

Description: The beautiful municipality in the southeast of the Istrian peninsula, north of ancient Pula, will welcome you with untouched nature and a rich cultural and historical heritage. Marčana, together with its settlements, is an ideal destination for all those who are looking for a different form of vacation, away from the hustle and bustle of the city. Crystal clear sea, picturesque bays, mild Mediterranean climate, remains of ancient settlements and lush greenery will not leave you indifferent. On a beautiful and well-maintained plot of 4009 m², there is an

enchanted secluded villa with a swimming pool and an open view of the sea. The beautiful villa is spread over two floors and has a total area of 285m². The modern way of life has changed the way of looking at living space. It is so in step with the trend, the ground floor of the open space concept, where the kitchen, dining room and living room form one whole. This has achieved airiness and warmth that reaches through the large glass walls that separate you from the sunbathing area and the 50m² swimming pool, which absolutely dominates the exterior. Then, on the ground floor, there are also two bedrooms with their own bathrooms, a wellness area, a guest toilet, a storage room and a technical room. An elegant and massive internal wooden staircase leads to the first floor of the villa, where there is a gallery with a study, two bedrooms with their own bathrooms and an unreal open view! The attractive villa is equipped with modern appliances and designer furniture, it is fully air-conditioned. Newly built real estate is a great investment if you want to continue with the well-established business of renting for tourist purposes and thus return the invested funds faster.
