Today, Medulin is one of the most important tourist locations in the vicinity of Pula, where a large number of tourists from different parts of the world prefer to spend their annual vacations. This beautiful family house with a swimming pool is located in this location, it extends through two floors, the ground floor and the first floor, and has a total area of 300m². The ground floor consists of a spacious living room with fireplace, dining room and kitchen, bathroom, hallway and one bedroom with its own bathroom. The living room leads to a covered terrace with garden furniture and a view of the pool. There are three bedrooms and a large bathroom on the first floor. In the basement of the house there is a gym and a space for hanging out with a lot of board games for both

adults and children. The house is built to a high standard, the stairs throughout the house are made of Brac stone. On a spacious and fenced garden of 994m², the central place is occupied by a swimming pool of 28m² and a sunbathing area, then there is also an outdoor toilet, a garden grill and a summer kitchen and several parking spaces. This beautiful green garden with various fruit trees and medicinal plants is taken care of by the automatic irrigation system and, of course, by the previous owners. Considering the location and proximity to the sea, the house is an ideal opportunity for investors who want to engage in tourist rental or for those looking for a family house in an ideal tourist location.
