Description

Description: Medulin was once a small fishing village and now is a modern tourist center. It's one of the main representatives of Istrian tourism with its luxuriously indented coastline. Three quarters of the Medulin Riviera is covered by the sea, and the wealth of flora and fauna further enhances the pleasure of staying in this area. Medulin is a city where you can spend a peaceful and romantic, but also a dynamic and content-rich vacation. The city is known for its beautiful pebble, sandy and rocky beaches, the most famous of which is Bijeca beach. A building plot of 514 m² is for sale 1200 meters from the city center. The land is located in a quiet location, on the edge of a pine forest, near all essential facilities for life. It has access from an asphalted road, and water and electricity are in the immediate vicinity. Ideal for a family or holiday home. ID CODE: 981
