Description

Description: Pula is the largest city on the Istrian peninsula and offers a variety of cultural attractions. A rich itinerary through Pula's three-thousand-year past, which is confirmed at every step in the old town center, begins and ends with the Roman amphitheater. - Located on the first floor of a smaller residential building, there is a half-renovated four-room apartment with a total area of 115 m². The apartment consists of an entrance hall, a kitchen with a dining room, a living room and four bedrooms, a bathroom, a toilet and a balcony. The temperature is regulated using central heating. The apartment does not have its own parking space, but there is a city parking lot in front of and near the building. The property is suitable for everyday life and is located in a quiet location. It is also interesting for tourism, due to its excellent location, proximity to all important facilities such as school, playground, bank, police, etc. ID CODE: 982
