Description

Description: Ližnjan is located in the extreme southeast of Istria, on a hill overlooking the Kvarner Bay, all the way to the islands of Cres and Lošinj. This hidden corner of the clear sea and the indented coast, which plunges into it with rocks and pebbles, will reveal the beauty of this 28-kilometer-long undeveloped coast to anyone who wishes. A special feature of the fauna is the yellow bee-eater, an endemic and protected species that lives here in the summer. In Ližnjan you can enjoy horse riding and diving sports, hunting or simply in one of the many holiday homes. This agricultural land with a total area of 3508 m² is located in the wider surroundings of Ližnjan. The land has access from a macadam road and is located in a quiet location away from the noise of the city. ID CODE: 1022
