Description

Description:	<p>Umag is known for its exceptional offer for tourists throughout the year, but thanks to the ATP tournament and accompanying events, it is a bit of a world center of sports and entertainment. There is also a lot of construction going on in Umag because the demand is high. But this is exactly why this land that we are offering you is such an opportunity, because it is so close to the sea and the center that there is not much to choose from. The land is square in shape and is included in the scope of the area for the development and arrangement of the planned purpose settlement (residential purpose), so that a smaller part of the property in question, in the south. c.č., is part of the road provided for in the plan. Residential buildings can be single-family (one utility unit), family (up to 2 residential units) or multi-family (3 to 4 utility units). Within the area of residential use, it is possible to build traffic buildings and areas, infrastructure buildings, public green areas, children's playgrounds, and sports and recreation areas. For all information, call and together we will check the possibilities and how everything fits into your investment plan. ID CODE: IS1507166</p>
