Description

Description: We offer a large building plot for tourist purposes in the area of the municipality of Marčana. MAIN FEATURES: *right next to the beach *T 2 construction zone This plot of land with an area of 20191 m2 is located in the first row to the sea, in the municipality of Marčana, and has the status of T2 and T3 construction zones. This land is ideal for the development of tourist projects such as hotels, villas or autocamps, and the advantage of this land is the possibility of buying an additional 13668 m2 of land. The land has a solid access road and infrastructure nearby, which makes construction even easier. Due to its proximity to the sea and an excellent view of the surrounding natural beauty, this land has great potential for the development of the tourism sector. Due to its size and favorable location, this land is an excellent opportunity for development projects and investors who are interested in the tourism sector. The possibility of purchasing additional land increases the potential of this facility and provides investors with an even greater opportunity for the development of tourist projects. The location is well connected by roads, and the nearby airport makes it easy to access.
