Description

Description:

ISTRIA, BRTONIGLA - A spacious property with a lot of potential Idyllic Brtonigla is a place of primeval inspiration. Her exuberant nature and peaceful rhythm of life open the way to new worlds of artistic inspiration. The town of Brtonigla, also the center of the municipality of the same name, is today known for its hard-working winemakers and olive growers. The tourism slogan of Brtonigle is "a small place of great discoveries" because here, in addition to the classic tourist offer, you can also enjoy folk celebrations, visit karst caves, visit typical rural settlements with stone houses, go hunting or enjoy picking mushrooms and asparagus. In the suburbs of Brtonigla there is this beautiful, spacious, detached house with a building plot of 15,056 m². The house has an area of 330 m². It consists of 3 apartments and is spread over the ground floor and first floor. On the ground floor there are 2 apartments consisting of a living room, a kitchen with a dining room, a bedroom and a bathroom. Each apartment has an area of approximately 50 m². There is also an office that can be used for multiple purposes and rearranged, and a boiler room that is used for heating in the winter months. On the ground floor there is also a large covered terrace as an ideal corner for sipping coffee in the summer. External stairs lead to the first floor, where there is a large apartment consisting of a living room, kitchen with dining room, 3 bedrooms, 2 bathrooms, pantry, hallway and 2 terraces. One terrace is accessed from the living room and offers a view of the sea from that terrace, while the other terrace is accessed from the dining room and the view extends towards Brtonigla. The apartment on the first floor has access to the attic. Next to the house there are two garages that provide parking for a total of 3 cars. The garages were designed and built in such a way that another apartment can be built on them in the future. There is also a summer kitchen in the garden, under which there is a cellar. The roof was renovated in 2013, the carpentry in 2014, and the new facade was made in 2015. The house itself is located on a plot of land of 4,771 m², which is enough to build a swimming pool with a beach and additional facilities. The price includes additional 3 building plots located next to the house. The first land has an area of 3,579 m², the second 4,284 m², and the third 2,422 m², which with the first land is a total of 15,056 m². The future owner can divide the land into parcels and build a larger number of holiday homes, thus creating a complex of villas with a swimming pool that will provide him with a definitive return on investment. Due to its spacious garden and all the facilities it offers, this house can be ideal for investing in increasingly popular vacation homes, but it can also be an ideal home for a large family.
