Description

Description: Oprtalj is located on a hill above the Mirna river valley, opposite Motovun, and is reputed to be one of the most picturesque towns in northern Istria. It is decorated with a wonderful landscape, forests, caves, streams, old houses, mills and pleasant local people ready for "jakula". Rural tourism and hunting are the strongest assets of the development of this region. Nearby are Motovun, Grožnjan and Buje. A spacious building plot with a panoramic view is for sale in the vicinity of Oprtlje. The land is located in a quiet location next to the paved road. There is electricity on the land, while there is water nearby. For the needs of wastewater, the construction of a septic tank is necessary. The land is suitable for building several holiday villas with a beautiful view of the valley. ID CODE: 1217
