Description

Description: Istria, Rovinj At 2 km from the center of Rovinj with all its facilities, there is this set of family apartment with a tourist facility. It is located in a smaller building, and is in a quiet location, but still close enough to reach the necessary amenities such as shops in a few minutes' walk. These two units cover 113m2 and have two parking spaces in front of the building. The apartment is located on the ground floor of the aforementioned building and consists of an entrance hall, a spacious living room with a kitchen and dining room, and a small storage room. There are also three bedrooms and two bathrooms. From the living room you can go out to the closed terrace, which is directly connected by a small staircase to the large garden in the yard, which is used by the owner for planting fruits and vegetables, which is a great thing if you like it, because you don't have to go to the store, but everything is fresh and homemade. In order to have everything for cultivating the garden, a small garden house with tools found its place there. Heating is done via central gas, while air conditioning is responsible for cooling. The studio apartment is located in the basement of the building and has a sleeping and living area, a kitchen with a dining room and a bathroom. It has been used for tourist rental for many years and as such has excellent occupancy during the summer months and can be taken over as such. This is an ideal property if you are thinking about moving and starting life in the suburbs, because it has everything you need for a comfortable and peaceful life. A good neighborhood, a quiet location, a spacious apartment for a family, and a rental unit that would bring in some income - it has it all, it just needs a new owner to start making memories within its walls!
