## Description

Description:	<p>This designer semi-detached villa is located near Poreč, in a village only 4 km from the center of Poreč. Peace, quiet, beautiful nature are just some of the characteristics of the location of this villa. Although it is a double building, with a smart architectural solution, the orientation of the houses are in opposite directions, which ensures absolute privacy, as in the case of detached houses. It is an unwritten rule that modern villas should have a flat roof and facades with a minimalist palette of colors and materialization, all incorporated into pure geometry. Thus, this villa exudes elegance with its architectural design. It is characterized by a modern design of clear straight lines and open space, and a large number of built-in glass elements that visually connect the interior with the exterior, thus creating a unique whole. Let the modern architecture of the villa in combination with stone elements, which are characteristic of Istria, delight you. The house offers 110m<sup>2</sup> of net living space, and extends over two floors. Immediately upon entering the ground floor, the entrance hall, where the guest toilet and cloakroom are located, leads to the living room designed as an "open space" space that extends to the kitchen and dining room. From the ground floor, through the glass walls, there is an exit to the outside area, where there is a sunbathing area, a heated pool of 18 m<sup>2</sup>, a summer house and a summer kitchen. A very elegant internal staircase offers communication between floors, below which there is an additional room that can be used as a storage room, and on the first floor you find a hallway and three bedrooms, one of which has its own en-suite</p>
--------------	---

bathroom and sauna, while the other two bedrooms the rooms share one separate bathroom. Floor heating and air conditioning will be installed in each room. Inside the closed yard, the villa offers two parking spaces. VAT IS INCLUDED IN THE PRICE - The buyer DOES NOT PAY real estate sales tax. Custom ID: H-0585  
Remark: Viewing the property is possible with the signing of the brokerage contract, which is the basis for further actions related to the purchase and sale, all in accordance with the Act on Brokerage in Real Estate Transactions. The agency commission is determined by the brokerage contract, and is payable after the conclusion of the sales contract.
