Description

Description: ISTRIA, LABIN - Stone house and building plot On the southeast coast of Istria, where the green hills meet the sea, where nature and heritage meet, there are two towns of similar size but with different but mutually complementary characters - Labin and Rabac. The picturesque town of Labin rises on a hill 320 meters high, only five kilometers from the white pebble beaches in Rabac. Intertwined with rich history and mining that marked this region, Labin, which was declared an independent republic for a short time, is today a fascinating city of contradictions; old and new, history and present, tourism and art. Not far from the town of Labin, there is a stone house and building plot for sale. A house and an outbuilding are located on a spacious plot of land, of which 2,553 m² is residential construction land. The house with a floor plan area of 250 m² and an outbuilding with an area of 35 m² need complete renovation. The terrain is flat and cleared, all the necessary infrastructure is nearby, and access to the property is from an asphalted road with low traffic intensity. This antique in an attractive location is an ideal investment

opportunity as well as an ideal opportunity for family life. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions:
