Description

Description: EXCLUSIVE OFFER at the agency Bagi nekretnine d.o.o. A beautiful building

plot for sale, which is located right near Kanfanar, in the small village of Modrušani. The property has a total of 2554 m² and is of such a shape that it is suitable to build up to 3 holiday homes, the access is direct from a side road that is not busy, electricity and water are located right next to the land. The location of this property is fantastic, namely from the village of Modrušani to Kanfanar, where all the necessary facilities are located, and also the entrance to the Istrian Epsilon is only 3 kilometers away. A fast road leads to one of the most desirable cities in Istria, Rovinj, and is 21 kilometers away. There are beautiful vacation villas in Modrušani, so the plot is a great potential for someone who would build buildings for rental purposes. Also, on the other hand, the location is suitable for a family house because it is located in a quiet place surrounded by nature, while all the necessary amenities are within reach. I would emphasize that this property is worthy of attention, I would recommend it to any buyer looking for a building plot on the western side of Istria and a good opportunity on the current market!
