Although the house is entirely made of stone, the detail of the wooden facade on the covered entrance terrace on the ground floor makes it even more interesting. On the ground floor there is a kitchen with a dining room, and an internal circular staircase leads to the first floor of the house, where there is a bedroom and a bathroom with a "walk-in" shower. On the second floor, there is a living room from which stairs lead to a roof terrace with a jacuzzi and a wonderful view. The house has 4 parking spaces in the garden, and the combination of natural materials and Mediterranean vegetation in the garden makes this house ideal for relaxation and enjoyment just a few steps from the sea.
