destination, which today has a reputation as a center for hedonists from all over the world. The ancient Istrian acropolis town located on top of a 277-meter high hill that dominates the valley of the Mirna River is one of the most beautiful old towns in the Mediterranean. The longest Istrian staircase with 1052 steps leads to it. Motovun is a city-monument on the UNESCO World Heritage access list. What makes Motovun and its municipality, which covers an area of 33.58 km², special are biological diversity, rich flora and special microclimate characteristics. Due to its specific geomorphological characteristics with numerous hills, it attracts attention with its natural beauty and unforgettable panoramic views that fill the soul. Not far from Motovun, an impeccable house with a swimming pool is for sale. The property represents a harmony of space, needs, functions, construction and beauty. The design and color of the house fits into the settlement and the landscape, and it reinterprets traditional architecture in a contemporary way, using local natural materials (stone and wood). High EU standards in construction and materials have been fully applied, as well as energy efficiency (including photovoltaic panels as standard equipment). The ground floor of simple and harmonious proportions consists of a basement and a ground floor. In the basement there is a wine cellar and a technical room. The ground floor consists of an open concept space that unites the living room, dining room and kitchen with access to a spacious, pergola-covered porch. The floor plan is completed by two bedrooms with en-suite bathrooms, an entrance hall and a laundry room with a toilet.
