Location

Country: Croatia
State/Region/Province: Istarska županija
City: Medulin
City area: Medulin
ZIP code: 52203

Additional information

Energy efficiency: A+

Description

Description: A villa with a pool and a spectacular view of the sea, the islands and the whole of Medulin. Medulin is a place in the very south of Istria and is known for its

beautiful nature and charming old town, which developed from a fishing village into a popular summer resort. A little removed from the hustle and bustle of the center, in an area where there are mostly villas with swimming pools, there is this villa that exudes a relaxed life in luxury. It is only 300m away from the sea and the beach and has everything you could want for your house by the sea. On the second floor is the master bedroom with a spacious bathroom equipped with carefully selected and quality equipment. From this room you can access a large terrace with a beautiful view of the sea, the rugged coast and the whole of Medulin. Right next to it is a room with a sauna, hydromassage tub, several training machines and a shower cabin. It also leads to a large terrace. Take the elevator or stairs down to the first floor, where the very spacious living room is oriented to the south. The kitchen with an island continues to the dining room and living room. There is a terrace on the west and east sides for enjoyment, depending on the time of day and the position of the sun. The ground floor is reserved for three bedrooms, each with its own bathroom and access to a paved terrace leading to the pool. In the basement there is a spacious room with billiards and fun games, and next to that room is a space for heat pumps and boilers. The entire house has underfloor heating from these heat pumps, and there are also wall and ceiling air conditioners. There are photovoltaic cells on the roof so that energy consumption is minimal. With quality construction, excellent materials and very good insulation, this house also offers chargers for electric cars in four parking spaces in the yard of 400 m². All of this significantly increases its energy efficiency and becomes a villa of a higher quality and "greener" future. The house is in the final stages of interior design and horticulture and is being sold fully furnished and equipped. Complete completion is planned for July 1, 2023. Documentation and ownership in order. Direct contact with the agent: Romana S. | Mob. 091 4884 658 | Email: romana_eliteestate@outlook.com
