Description

Description: Svetvinčenat, surroundings, new construction, house in a quiet neighborhood. Not far from the very center of the historic town of Svetvinčent, there is a newly built house with a swimming pool. The property has a total area of 240m² and consists of a basement, ground floor and first floor. There is also a games room in the basement, but the new owner can convert it into a tavern if he wishes, and there is also a sauna, boiler room and a small toilet. The ground floor consists of an open-space kitchen with access to the sundeck and swimming pool, a living room and a toilet. On the first floor there are three bedrooms and each room has its own bathroom, the master bedroom also has an exit to the terrace. The issue of heating and cooling was solved by installing underfloor heating in all rooms and air conditioning in the rooms and living room. All necessary facilities are 10 minutes away by easy drive, such as shops, restaurants, coffee bars and other events that take place in Svetvinčent.
