Description

Description:

ISTRIA, MARČANA - Modern designed house with swimming pool Marčana is a municipality in the southeast of the Istrian peninsula. It is known as a destination for the sea, holidays, wine and olive oil. It is a culturally rich settlement with crystal clear sea and an almost unreal landscape consisting of gorgeous bays and green peninsulas. Its 36 kilometers of coastline is the least urbanized coastal zone in Istria. Marčana and its fertile green fields, with gentle hills that descend to hidden rocky coves and secluded villages and towns are the undiscovered treasure of the eastern coast of Istria. In one of the settlements of the municipality of Marčana, a modernly designed house with a swimming pool is for sale. Top quality construction materials were used in the construction according to the highest standards for residential construction. It is characterized by modern architecture and thoughtful design with dynamics in exterior and interior design. The design was based on the cascading configuration of the terrain due to which it is partially buried in the terrain, orientation towards the views of the charming landscape it is surrounded by and the interaction of exterior and interior. The functional layout interior concept is based on practicality, open floor plan and airiness. It stands out with a large number of glass walls, top-quality equipment and carefully selected elements of modern furniture in combination with building materials, such as concrete and metal and a thoughtful selection of decorations, fabrics and colors, creating an elegant and aesthetically appealing ambience filled with comfort. It extends over two floors with a net area of 269.32 m². The lower floor of the house opens with glass walls towards the outdoor space and the pool. It consists of a living room with an internal staircase that connects the floors, a dining room and a kitchen with access to a covered terrace, a guest toilet, a pantry and a boiler room. The floor plan is complemented by a toilet with access from the yard. The main entrance to the house is on the upper floor. The floor consists of three bedrooms with their own bathrooms, a laundry room and a hallway. At the same level as the upper floor, a carefully designed and carefully arranged driveway offers parking spaces for two vehicles, as well as access via an external staircase to the lower floor and the yard, which is decorated with a 36 m² swimming pool. The yard is fenced, minimalistically decorated with grass and olive trees, and offers privacy and peace. It is possible to increase the garden plot by purchasing agricultural land of 480 m² with a price adjustment. This perfectly integrated property is an exceptional opportunity for a comfortable family life as well as an investment investment in the tourist rental business.
