cinema and a separate toilet. In the garden there is a spacious covered terrace, a summer kitchen with a brick barbecue, a sunbathing area and a swimming pool with a waterfall and a whirlpool for 6 people. The villa has several parking spaces. During the construction of the villa, top quality materials and equipment were used, all the furniture is designer, with modern lamps and ambient lighting that extends throughout the villa. The heating is underfloor with a heat pump in combination with fan-coil cooling. Today, we know Krk as a tourist destination of exceptional cultural and artistic heritage, where the ancient Splendidissima Civitas Curitarum (the splendid city of the people of Krk) lives in harmony with the bustling character of modern times. The ideal geographical position is an advantage that the island of Krk used to value very well as a tourist. We are talking about the proximity of the mainland to which twenty years ago a bridge was added connecting Krk to the mainland, thus making it even more accessible. Good traffic connections have made the island of Krk a favorite excursion destination, but also the other way around: meaningful one-day trips can be made from the island. For example, a trip to the Plitvice Lakes and North Velebit National Parks. True explorers will definitely want to get to know Rijeka - the center of the Primorsko Goranska County, and they will connect their stay in Rijeka with an unavoidable visit to Opatija - the tourist "pearl of the Adriatic". A one-day trip to Istria will be very interesting, where we recommend staying in its central part rather than on the coast! Finally, the island of Krk is connected by a ferry line to three islands: Rab, Cres, Lošinj, which can also become destinations for your day trips.
