Description

Description:

A building plot for sale in the second row from the sea in Prigradica with a total area of 387 m², about 50 meters from the sea. The land offers a wonderful view of the entire bay and the sea, and from it there is a road, i.e. a staircase to the sea, and on the upper side there is an access road with all the necessary infrastructure. Prigradica is a small bay with a recognizable Mediterranean atmosphere. Due to the more than pleasant microclimate, staying in Prigradica during the summer is a real refreshment, because pleasant nights are a real break from the heat of the day. It is located just a few minutes' drive from Blat, which is 4 km away. It is a safe anchorage for ships, and used to be the main export port on the western part of the island, but today it is a wonderful tourist place that offers its visitors additional facilities: a shop, restaurants with authentic island cuisine, a coffee bar and well-kept pebble beaches. Everything you need for a pleasant vacation is in the immediate vicinity of this land and can be reached in just a few minutes of a pleasant walk to the center of this picturesque bay.
