Description

Description:

ISTRIA, MEDULIN Beautiful modern villa! Medulin is one of the representatives of Istrian tourism and is one of the twenty most famous bathing names on the Adriatic. The dynamic development of Medulin rests on the valorization of the natural basis and physiognomy of the tame landscape. Every visitor to Medulin can find a true oasis of peace and quiet, rich in the landscapes of this Mediterranean landscape, but at the same time can spend a very dynamic and content-rich vacation here. Today, Medulin is a well-known tourist center that, in addition to hotels and camping sites, also has an exceptional offer of rooms and apartments in private accommodation. Everything here is subordinated to tourism. This beautiful modern villa is located not far from the town center. It extends through the ground floor and the first floor, and the total living area is 220m². On the ground floor there is a spacious living room, a modern and personalized Dieter Knoll kitchen and a dining room. The living room is enriched with an electric fireplace and a large aluminum sliding wall that provides daylight throughout the year. We climb the internal staircase to the first floor, where there are four bedrooms with their own bathrooms, and the corridor is lit by a glass wall that runs along the entire side of the house. Quality materials were used during construction, so the house is closed with aluminum carpentry with double-layer glass, the floor coverings are quality oak wood, and the owners took care of the heating with electric floor heating and inverter air conditioners. The 324m² garden has a 40m² swimming pool with a built-in heating system, an outdoor terrace, a sauna, a shower and a table tennis table. The green area is enriched with olive trees, palm trees, Mediterranean bushes and landscaped lawns. Parking for four cars is located at the entrance to the facility.
