## Description

Description: Newly built one-story house in Rojnići (Barban-Žminj road) on a plot of land of 952 m<sup>2</sup>. The house has a gross area of 92 m<sup>2</sup>, net usable area of 75 m<sup>2</sup>. It consists of an entrance hall, a small bathroom with a shower, a living room with a kitchen, a hallway that separates the night area, two bedrooms and a large bathroom. It is oriented so that most of the rooms have access to the sun deck and the 28m<sup>2</sup> swimming pool. Electric underfloor heating has been installed throughout the building. Mitsubishi inverter air conditioners are installed in each of the bedrooms and the living room. During construction, the attitude was that the building must be functional even if the future owners decide to use the house all year round, not just during the summer months or tourist activities. The land is fully horticulturally landscaped and automatic irrigation of the entire land surface is installed. The parking space is enough for 3 vehicles within the plot itself. "Portun" can be opened remotely. The location of the facility itself is interesting because you are only 8 km away from Žminj, which is connected by the highway (Ipsilon), which makes traveling much easier. Also in Žminj there are supermarkets, a post office, a bank, etc. Svetvinčenat and Barban are a few minutes' drive away, Rovinj and Pula are 30 minutes away. The price includes VAT. The building is owned by our company, so if the buyer is another legal entity, he can request a VAT refund. If the buyer is a natural person, he does not pay real estate sales tax in the amount of 3%. ID CODE: 3429
