or oak because there are rich forests and pastures with some arable land. Dubašnica was mainly an area of Omišalj, already before the 12th century, but part of it was also held by the Krk people. Malinska, from a port for the export of wood, becomes a climatic health resort thanks to the mild climate with about 260 sunny days a year. Today it is one of the island's strongest tourist destinations, known for its numerous beaches and developed hotel industry and family tourism. Not far from Malinska is Porat, a quiet place where the population once lived from fishing, but today tourism has taken over the leading role. The name of the place comes from the Italian word porto, which means port. The beaches in Malinska and on the island of Krka are known as some of the best in Croatia. One of the advantages of the indented and wide coastline in Malinska is that the beaches, wherever you go, are never far away. The diverse coast of the island offers a wide range of beaches: from rocky, sandy and pebble beaches to hidden coves. Beaches for children, for the disabled, non-swimmers or the elderly, beaches for dogs, beaches for those looking for natural shade and proximity to parking spaces, lovers of sports activities and beach bars, but also an unofficial nudist beach - all this is offered by Malinska. Dear clients, the agency commission is charged in accordance with the General Business Conditions
