The land area is 680 square meters and is situated within a construction zone designated for residential and business purposes. All necessary infrastructure is available, making it easy to plan and build your desired property. The land is ideally oriented to the southwest and is located on top of a hill with a gentle slope. This natural position provides a sense of privacy and tranquility. Currently, the land is undergoing a parcelization process, dividing the area into approximately 680 square meters from the original 1356 square meters.
