Description

Description:	<p>ISTRIA, RABAC - Large building plot with a beautiful view of the sea On the southeastern coast of Istria, at the place where green hills meet the sea, where nature and heritage come together, there are two small towns of similar size, but with different but mutually complementary character - Labin and Rabac. Rabac, due to its white pebble beaches, rich Mediterranean vegetation and crystal clear sea, has been called the pearl of Kvarner. Once a small fishing village, today Rabac is an attractive tourist destination that hides a wealth of cultural events in a network of colorful streets. The green surroundings of Rabac and the picturesque hinterland invite you to adventure, research and recreation throughout the year. Not far from Rabac, in a small tourist town with the most beautiful views, this large building plot is for sale. It has an area of 6,123 m² and consists of two cadastral parcels (4500 m² and 1600 m²), which gives you the option of buying a smaller area. Also, the owner plans to subdivide a larger plot of land, so the buyer can choose the desired square footage. The land is located next to an asphalted road and offers a beautiful view of the sea. The infrastructure is located within 50 meters. Due to its location and beautiful view, this land is ideal for investors who want to build several holiday villas.
