Description

Description:	<p>Medulin - once a small fishing village, now a modern tourist center. One of the main representatives of Istrian tourism with its luxuriously indented coastline. Three quarters of the Medulin Riviera is covered by the sea, and the wealth of flora and fauna further enhances the pleasure of staying in this area. Medulin is a city where you can spend a peaceful and romantic, but also a dynamic and content-rich vacation. The city is known for its beautiful pebble, sandy and rocky beaches, the most famous of which is Bijeca beach. Not far from the town center, in a quiet street, there is a high-quality, recently built building with 6 apartments. There are also parking spaces for each unit in the landscaped garden. On the second floor of this well-maintained building, there is an apartment for sale of 95 m². From the long hallway, you enter the bright living room with a well-designed kitchen and a comfortable dining area. There is an exit to the terrace of even 12 m², which offers a view of the center of events. The modern decor of the bedrooms and bathrooms contributes to the visual integration of the entire apartment. There is central heating, and for hot summer days, air conditioning is integrated.
