Description

Description:	<p>ISTRIA, CEROVLJE - HOUSE RUINS + 42,410 m2 LAND! The center of the spacious municipality of Cerovlje is the village of the same name. It is a municipality that stretches across the hilly landscape northeast of Pazin, and has numerous hamlets and several larger rural settlements. In the Middle Ages, impassable ravines in the east, strengthened by defensive fortifications, formed an impregnable border with which the Margrave of Istria protected the area of his authority. The slow arrival of all the changes of modern civilization in remote villages had an effect on the depopulation and complete abandonment of some settlements. Nevertheless, it also influenced the preservation of numerous ethnological peculiarities and ways of life that in other parts of Istria have long since become a thing of the past. If you are looking for real rural Istria, you are here. Such natural features are the cause of all the peculiarities of this area, both throughout history and today. In a nice rural village, a ruin with a large area of agricultural land is for sale. The ruined house has 40m2 floor plan area. The rest of the land is distributed near the ruins and does not form one whole. The total square footage of the land is 42,410m2. Asphalted access road. Infrastructure in the immediate vicinity. Neat ownership. No burden. The property is definitely worth</p>
