Description

Description: KRK ISLAND, RISIKA - Apartment house with a large garden For sale, a detached house with 3 apartments and a large landscaped garden. It consists of a ground floor and an upper floor, where one one-bedroom, one two-bedroom and one studio apartment are located. The house offers a view of the sea. The garden has a covered terrace, a brick barbecue, lots of greenery and Mediterranean plants, and several parking spaces. It is excellent as an investment in tourism or as your own holiday home. Vrbnik, without a doubt, is one of the most famous Croatian places. This is thanks to its Glagolitic heritage and the famous folk song with a distinctive melody and content, which was interpreted and arranged in a series of variants Vrbniča nad morem. And Vrbnik, like other old castles on the island, is located high up, at a height of almost 50 meters, and in a really special place on a cliff that literally plunges into the sea. Along with Šilo in Dobrinjština, it is the only larger place on the east coast of the island of Krk. It was mentioned for the

first time in 1100. The inhabitants were mostly engaged in agriculture, less in seafaring and fishing. Today, the most famous product of Vrbnica field and Vrbnik in general is the golden yellow wine - Žlahtina; it became famous on a wider Croatian scale. According to the stories of older locals, before wine became famous, grains were grown in the field to feed families that had more members than today. In such conditions, vines were grown along the edges of fields because there was no market and wine was produced only for their own needs. With its rich history, Vrbnik is called the cradle of Croatian literacy and is certainly one of the oldest places on the island of Krk. Vrbnik is dominated by narrow streets, so it is not surprising that the narrowest street in the world is located here.
