Description

Description:	<p>GORSKI KOTAR, SEVERIN na KUPA - Interesting single-story house near the river We have received an interesting single-story house in Severin na Kupa. It consists of an arranged living area consisting of an entrance hall, a living room with a dining room, a kitchen, a bedroom and a bathroom. The entire ground floor is dominated by a large covered terrace overlooking the adjoining meadow and forest. What I would like to single out in this house is the space in the basement where there are three more unfinished rooms, where the future owner can make a nice large living room dominated by stone and wood and which would have a nice view of the surrounding area through the glass wall. forest, while the ground floor of the house could accommodate a sleeping area. The house is located on a plot of about 1000 m², and it also includes two wooden houses and an arranged parking</p>

space. This property can certainly be interesting as a vacation home because it is far from the main road, which is close enough to the center and all available facilities, but also because of the natural beauty and the proximity of the Kupa River, which is only a few minutes' walk away. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions.
