### Description

Description:	ISTRIA, LABIN - House in the suburbs On the southeast coast of Istria, where the green hills meet the sea, where nature and heritage meet, there are two towns of similar size but with different but mutually complementary characters - Labin and
--------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Rabac. The picturesque town of Labin rises on a hill 320 meters high, only five kilometers from the white pebble beaches in Rabac. Intertwined with rich history and mining that marked this region, Labin, which was declared an independent republic for a short time, is today a fascinating city of contradictions; old and new, history and present, tourism and art. In the suburbs of Labin, a comfortable house is for sale. It is located in a quiet neighborhood surrounded by family houses and vacation homes. It is of high-quality construction and is completely insulated (facade, floor and roof insulation). The house is divided into two floors; basement and ground floor. The ground floor consists of an open concept space that unites the living room, dining room and kitchen with access to a covered terrace, three bedrooms, bathroom, guest toilet and storage. Basement of approx. 70 m<sup>2</sup> requires additional arrangement. Access is via an internal staircase as well as a separate external entrance. Electricity and water installations were disconnected and an open fireplace was built. It is planned as a space for socializing (tavern with a fireplace) with a kitchen and a bathroom. An excellent location and spatial organization provide an opportunity for a comfortable family life or an investment in a tourist rental business. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions:
