Description

Description: OTOČAC, BRINJE - House in the Rohbau phase with 42,800 m² of garden The town of Otočac offers summer, winter, village, mountain and adventure tourism. Such a comprehensive offer is a real rarity in the Republic of Croatia and beyond. Gacka dolina is a large karst field bounded by Velebit towards the sea, and towards the interior by Kapela. The field is dominated by the river Gacka, which rises at one end of the field and sinks at the opposite. In terms of length, Gacka is the third sinkhole in the world. Its original course is 32 km long. Due to the slight drop in altitude, its flow is calm and winding. The water of Gacka is extremely clean and rich in oxygen. A house with a large garden area of approx. 42,800 m² is for sale near Brinje. The renovation of the house began in 2022, a new septic

system, new water and electricity were built. The basement of the house is intended for a tavern. Next to the big house there is also a smaller old house with an outbuilding and a gazebo. Ownership and documentation in order. An ideal property for an escape to nature and a break from busy life. Dear clients, the agency commission is charged in accordance with the General Business Conditions: www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 25847
