Description

Description:

Let an urban villa in a row be your opportunity to solve the housing issue or invest in tourist real estate. The exterior will combine contemporary design with warm elements, such as facade panels and glass surfaces that allow for plenty of natural light. The ground floor will contain a spacious living area that will include a kitchen, living room and dining room. The open space concept will create a feeling of spaciousness and connectedness of the space. The guest toilet and technical room will be located on the ground floor. From the living area, there is an exit to a spacious covered terrace that will allow outdoor enjoyment. Upstairs there will be two spacious bedrooms, each with its own bathroom. The villa will have its own garage for two cars. It is located within walking distance from the center of the town, which means that all the necessary facilities, such as shops, restaurants, schools and other facilities, are easily accessible. This location makes the villa an excellent opportunity to address housing needs given its practicality and proximity to all important amenities. The urban semi-detached villa under construction is characterized by modern design, functionality of the space, privacy of bedrooms with bathrooms and a practical garage, all located in an exceptional location that facilitates everyday life. Call for all additional information and viewing of the property in order to offer you a personalized approach and discreet service of finding properties according to your wishes and preferences.
