The terrain does not currently have an access road, although it is located in the construction zone S4 - According to the spatial plan, an access road is provided right next to the plot. The field is located in a quiet and peaceful position. A good opportunity for investors who are engaged in the construction of residential buildings-apartments-apartments, but also for those who would like to build a house for rent - vacation with a swimming pool or a family house / villa in a quiet and peaceful environment. KASTAV The town of Kastav with the Kastav region is synonymous with rich history, geographical diversity, interesting architecture and a unique tourist offer! Located "over the sea, canoe soko", as the poet says, similar to all coastal towns, yet different; with a soul in a stone nest, wide enough for all who are ready to experience it in its entirety. Like many cities at the meeting point of Central Europe and the Mediterranean, Kastav has a rich tradition and a recognizable identity. During its history, Kastav was the administrative, economic and cultural center of Istria and the Primorje; it was and remains a nursery of the people's consciousness, so even when cities much larger than it today began to develop in the surrounding area, it managed to preserve its autonomy, language and customs.
