The apartment has one parking spot. Malinska, an area on the island of Krk that did not have a settlement, a castle center. The whole area is called Dubašnica in the western part of the island of Krk. It is also the only area of Krk for which we know exactly when it was inhabited. Namely, until the 15th century, Dubašnica was almost devoid of permanent inhabitants, as was the area south of it, almost to the town of Krk. The name of the region comes from oak or oak, because there are rich forests and pastures with some arable land. Dubašnica was mainly an area of Omišalj, already before the 12th century, but part of it was also held by the Krk people. Malinska, as the center of Dubašnica, was once an island port for the export of wood and a favorite tourist destination of the Viennese aristocracy. It was mentioned in the 15th century as a good anchorage where ships took shelter during strong winds, especially from the south. With the arrival of the steamship in 1866, Malinska went from being a port for the export of wood to a climatic health resort thanks to the mild climate with about 260 sunny days a year. Today, it is one of the island's strongest tourist destinations, known for its numerous beaches and developed hotel industry, as well as family tourism. ID CODE: 10975
