Description

Description:

Surroundings of Baderna - beautiful one-story house under construction on a spacious garden! It is located 15 km from Poreč, one of the pearls of tourism on the Istrian peninsula, and represents a combination of tradition and modern interior. It consists of an entrance hall, a renovated unit, a living room with a kitchen, dining room and open-plan living room, three bedrooms with bathrooms, and a garage for one vehicle, engine room and storage. The terrace, which is partially covered with a pergola, is the link between the inner space with the sunbathing area and the swimming pool and the rest of the garden behind the planted Mediterranean plantations and implemented irrigation. It should be noted that the 32 m² swimming pool is heated by a heat pump. The interior and equipment of the property are at a high level, there is underfloor heating and air conditioning in all rooms with separate thermostats, and from the final decoration, we should definitely mention the high-quality floor and wall coverings and sanitary ware in the bathrooms, as well as the parquet, which is specifically designed for underfloor heating throughout the rest of the space. The planned completion of the works is June 2024. Beautiful property in a quiet and gentle place near Poreč! ID CODE: IST-0639
