Opatija: Opatija, a beautiful coastal town located on the Adriatic Sea, is a famous tourist destination for tourists from all over the world. The city is surrounded by beautiful nature, at the foot of the Učka mountain. Real estate in Opatija offers a priceless view of the sea and the surrounding islands of Krk and Cres. Opatija is surrounded by charming small towns with old houses located in narrow streets rich in history. The streets of the city of Opatija are made up of properties that stand out with their specific architecture and villas that date from the Habsburg period. A large selection of beaches, crystal clear sea and various tourist services are the key factors that make Opatija a perfect tourist destination recognized by neighboring countries as an excellent investment choice. Real estate prices in this area are rising, rental occupancy is excellent, which has resulted in a return on investment of 5% to 10% and attracting foreign investors. VOLOSKO: Volosko is a small fishing and tourist town on Kvarner, about 2 kilometers north of the center of Opatija. Volosko, a charming town dotted with narrow streets where smiling children's faces play, is known for its excellent restaurants and taverns that invite guests to a delicious meal with their intoxicating aromas. Volosko is an introduction to a beautiful story called Lungomare, a favorite Opatija promenade that takes you all the way to Lovran. Bathers are regular guests of this fishing village because the always relaxing Črnikovica beach awaits them there. Drink a coffee on the beautiful Vološće waterfront and watch the skillful fishermen sail into the port. At a time when Opatija did not yet exist as a fashionable tourist destination, Volosko was the seat of the district, a commercial port and an administrative-administrative center. Today, Volosko has lost its importance, but the magical attraction of a picturesque coastal town, an inexhaustible source of inspiration for artists, a refuge for all those looking for an oasis of peace in narrow streets, with a cup of coffee on the waterfront, in the unique ambience of a fishing harbor and a big and small mule, has remained. . There is something special about the view of the open sea from the top of the Vološća waterfront: from here the entire Adriatic Sea opens to the south... Passing through the narrow streets of the old Vološća core, you will come across a monument that reminds us that Andrija was born here, in the house at the very beginning of the Lungomare coastal promenade Mohorovičić, a great scientist with a worldwide reputation, discoverer of the discontinuity area that separates the Earth's crust from its mantle. Today, Volosko is also synonymous with good gastronomy - from typical taverns and fish markets where you can enjoy local specialties, to top restaurants that have found their place in the most prestigious world guides for gourmets - Volosko offers all this, and much more. Discover gastronomic delights, learn fishing secrets, relax on the terrace of a cozy café by the sea. Let yourself be carried away by the charm of Voloski!
