Description

Description:

Pula, center, newly renovated two-room apartment with a large terrace for sale. The building in which this beautiful and tastefully decorated apartment is located is located in the very center of the city, close to all necessary facilities. The apartment is located on the upper ground floor of the building, it has an area of 93m² and consists of:- hallway;- kitchens and dining rooms;- living room;- spacious terraces;- 2 bedrooms;- bathrooms;- pantry. In the basement of the building there is also a storage room belonging to the apartment, which is approx. 15m². Heating and cooling of this property takes place through air conditioners located in the living room and one bedroom. The carpentry in the apartment is wooden (high-quality white larch) with gold details, which gives this noble apartment an even more valuable note. The owner paid special attention to the interior, which is why this salon apartment feels a high degree of exclusivity at the very entrance due to the built-in elements, furniture and other movables (antique wooden chests of drawers, pictures...). Considering the comfort and location of the apartment itself, it can provide a comfortable stay and life for a larger family, but certainly also the possibility of renting it for tourist purposes.
