Description

Description:	<p>We are selling an exceptional warehouse-production space in Opuzen, representing an ideal opportunity for business investment. This impressive hall spans a total area of 702.9 square meters, with an additional open space of 850 square meters. The location is exceptionally favorable, just 200 meters away from the main road Split - Dubrovnik, with a wide asphalt access road of 7 meters. In addition, access is easy for trailers, which can maneuver in front of the hall. This versatile hall has been used for ship overhaul and winter storage due to its proximity to the Neretva River. However, given its outstanding features, the space can be adapted for storing various goods or for production purposes. The interior of the hall is impressive, measuring 55x13 meters, with a height of 6.5 meters and no pillars inside. It was built in 1966, with concrete walls and a steel roof structure covered with panels, upgraded ten years ago along with a new sheet metal roofing. The external area is concrete with built-in drains. This incredible opportunity</p>
