Description

Description:	<p>ISTRIA, LABIN - Building land near the city center On the southeast coast of Istria, where green hills meet the sea, where nature and heritage come together, there are two small towns with different but mutually complementary characters - Labin and Rabac. The picturesque town of Labin rises on a hill 320 meters high, only five kilometers from the white pebble beaches in Rabac. Intertwined with rich history and mining that marked this region, Labin, which was declared an independent republic for a short time, is today a fascinating city of contradictions; old and new, history and present, tourism and art. Building land for sale near the city center. The land is flat and has a regular shape. It has an access road and the infrastructure is in the immediate vicinity. An ideal property for building a family home or holiday home.
