Description

Description:

Njivice, island of Krk, We offer a house of 197m² in an attractive location with an open and permanent view of the sea. It is located on a terraced ground, which provides an open space in front of the house and a view. It consists of a basement, ground floor, first floor and high attic. Inside the house as a whole there are three residential units, namely: a one-bedroom apartment in the basement, a two-bedroom apartment on the ground floor and upper ground floor, and a two-bedroom apartment on the first floor. Each floor has a beautiful terrace with a view of the sea. Although all units are connected by internal stairs, there is a possibility to physically separate the entrances so that each unit has its own separate entrance from the garden. In the high attic, there is a well-insulated and protected space that can be used as a storage room. There are two more storage rooms in the basement of the house. The main entrance leads to the ground floor of the house, where there is a hallway, a kitchen with a living room and an exit to the terrace, a bathroom, a staircase to the basement and the first floor. In the basement there is a bedroom with exit to the terrace, bathroom, toilet, kitchen with dining room and living room with exit to the terrace. There are two bedrooms on the mezzanine, one of which has access to the loggia and a bathroom. The central staircase leads to the attic with storage, two bedrooms, roof terrace, bathroom, kitchen and living room. The house also has a lot of storage space, two basement houses and a loft, which provide additional possibilities for conversion. The parking area is accessible and covered and has space for 2-3 cars. On the fenced and landscaped green garden there are several terraces, plenty of natural shade that also provides privacy, a barbecue, a space for socializing and enough space to build a swimming pool. It is possible to build separate apartments with their own entrances. The advantage of this house is its location, permanent open view, proper documentation and solid solid construction. Great property with lots of potential!
