Description

Description:	<p>This exceptional plot of land offers an extraordinary opportunity for investment in building land in a prestigious location in a quiet part of Zaton. Newly built villas and modernly designed houses are characteristic of the surrounding area, which further emphasizes the attractiveness of this area. The land covers 883 m² and has a regular shape, which enables practicality when planning and building the building, and it is only 200 m from the sea. Access to the plot is facilitated by an asphalted road, while the privacy of the future owners is ensured by a fence. All the necessary infrastructure is fully developed and available, which simplifies the construction process. Old olive trees stand out on the plot, which not only add charm, but also have a special value and will enrich the yard of the newly built building with their beauty. There are two types of beaches in the immediate vicinity - sandy and pebble, and you can also enjoy the healing mud that is nearby or walk through the forest area and discover hidden private beaches along the way. Shops, public transport, ATMs and everything else you need are available in the center of town. An additional advantage of this location is the proximity of two cities - Nin and Zadar, providing the opportunity to experience the city's atmosphere and hustle and bustle, along with all the benefits that these cities provide.
